- education + training
- employment support
 - jobs club

looking for work...need help? www.localemploymentservices.ie

There are **25** Local Employment Service Networks in Ireland

The Local Employment Service Network through one-to-one support will work with you to identify suitable employment. It will also where necessary, find training and education programmes that will prepare you for the workforce. There is no charge for this service and it is both confidential and client focussed.

Who is the service for?

- People who are long-term unemployed (and their adult dependents)
- One parent families
- Early school leavers
- Young people at risk of becoming unemployed
- People with disabilities
- Members of the Travelling community
- Ex-prisoners
- People with substance misuse issues
- People who are homeless
- Community Employment and Job Initiative participants
- Members of new communities
- Small holders

testimonials

from our Clients

“I found the course to be excellent and I learned so much during the last 4 weeks. I have learned how to create an up-to-date CV, essential interview skills. It has helped to build my confidence in the area I hope to make my future.”

“The Jobs Club is an excellent course. I would recommend it to everyone. The encouragement and support given was 100% and this course has boosted my confidence. The team were very approachable and supportive. My CV looks fantastic now.”

“After completing the Community Employment Scheme I found myself unemployed, however once again the LES, was there for me. The service funded me to study a life coaching diploma course and advised me on a community support worker position at Blackwater Valley Learning Centre.

I am now employed as the community support worker at Blackwater, this is my ideal job. I now love coming to work. Because of the support of the LESN and the encouragement from my mediator I have achieved my ideal goal and job.”

“Just to let you know that I have been offered a job, starting next week!”

“Thanks for all the help it was really practical with getting me onto courses etc and not at all like other places I've been to where they just tell you about up-skilling but not pushing you, so thanks a million.”

“In the 15 months that I was job-seeking my most positive experience was with the LES. They found practical courses and leads and helped me maintain a positive outlook. I am now returning to full-time employment thanks to the help and encouragement I received from The Local Employment Services.”

“I was made redundant at the end of September. Without the Local Employment Services I wouldn't have got back to work so quickly. They helped me from start to finish with everything. They provided me with a fantastic CV and also helped me with my cover letters which gave me an edge over the rest of the competitors. I would recommend this service to anybody out there looking for work because it brings a self-belief to you and provides you with an excellent opportunity to return back to the workforce.”

“Really enjoyed the 3 day course and it gave me more confidence to go out and be prepared to compete for jobs, even in this tough climate.”

from Employers

“Dublin Community Television availed of the services of the LES since moving into the area and have always valued the support and expertise of their team. We have had a number of placements and have hired two staff through the LES and the screening, candidate selection and support throughout the hire process has been excellent as has the calibre of the staff the LES has sourced for us.

I cannot recommend highly enough for any company based in or thinking of basing themselves in the locality to engage with the LES, even at a very early stage of planning both employment and work experience.”
Ciaran Moore, Dublin Community Television DCTV.ie

“The LES has come to our support at a time of great crisis nationally, through carefully matching our needs to some very good individuals who are keen to hone their skills and thereby make it back into the workforce. I particularly appreciate the careful monitoring and mentoring which this scheme provides. We have benefited enormously through having such willing hands and workers eager to learn, and I hope that in return the staff that have been with us will remember their time here as pleasant, fruitful and the opportunity which helped them take a step onto a permanent career track and years of fruitful employment.”

Dr. Pat Donlon, Director Tyrone Guthrie Centre
